

OtoSim Mobile Simulador de otoscopia

Nº DE PRODUCTO: 1091

DESCRIPCION:

OtoSim Mobile transforma su *smartphone* en un simulador de otoscopia portátil, poniendo a su disposición un currículo otológico completo en la nube. Estudiantes, profesionales de la salud, profesores universitarios y tutores hospitalarios pueden beneficiarse de OphthoSim Mobile y del Portal de Educadores OphthoSim. **Aprenda Otoscopia. En cualquier lugar. A cualquier hora. A su propio ritmo.**

HABILIDADES:

OTOSIM MOBILE PLATFORM:

- Expand your knowledge in otology with a library of more than 400 otologic images with annotations and descriptors
- Better prepare for OSCEs exams
- Increase accuracy and confidence in diagnostic skills
- Improve the correct use of the otoscope
